📍 Kolhapur, Maharashtra

PROFESSIONAL SUMMARY

Final-year B.Tech Computer Science (Data Science) student with CGPA 8.0/10 and Diploma in Computer Science Engineering with 88%. Skilled in Python, SQL, Power BI, Tableau, Excel, data analysis, data visualization, data cleaning, and machine learning. Hands-on experience in predictive analytics, automated visualization, software development, and IoT projects. Published a research paper and completed internships in software development and Python programming. Seeking opportunities in Data Analytics, Data Science, and Software Development.

EDUCATION

B.Tech Computer Science (Data Science) — D.Y. Patil College of Engineering & Technology, Kolhapur

CGPA: 8.0/10 | Expected Graduation: 2027

Diploma in Computer Science Engineering — Rajarambapu Institute of Technology, Sakharale
Percentage: 88%

TECHNICAL SKILLS

- **Languages:** Python, SQL
- **Data Analytics:** Data Analysis, Data Cleaning, Exploratory Data Analysis (EDA), Data Interpretation
- **BI & Visualization:** Power BI, Tableau, Microsoft Excel, Streamlit
- **Machine Learning:** Predictive Modeling, Regression, Classification

INTERNSHIPS

Android Application Development Intern (Offline)

- Built and tested Android applications using Android Studio and Java.
- Implemented and validated application features to improve functionality.

Codec Technologies Internship

- Gained hands-on software development experience through practical tasks and project work.

CodeAlpha Virtual Internship

- Completed Python-based programming tasks and projects.
- Strengthened Python programming, analytical thinking, and problem-solving skills.

PROJECTS

Smart Sand Reusability Predictor

 github.com/Shravaniig16/Smart-Sand-Reusability-Predictor

- Created a predictive system for foundry sand reuse analysis.
- Applied machine learning techniques to generate data-driven predictions.

Auto Data Visualization Platform

 github.com/Shravaniig16/Auto-Data-Visualization

- Engineered a Streamlit application for automated data visualization.
- Implemented data preview, analysis, and visualization workflows.

Home Automation System

- Designed an IoT-based home automation system; research paper published based on the project.

Personal Portfolio Website

 github.com/Shravaniig16/shravanii.me

- Designed and build a responsive personal portfolio website.

Spotify Top 50 World Dashboard Analysis

 github.com/Shravaniig16/Spotify-Top-50-World-Dashboard-Analysis

- Analyzed Spotify Top 50 data and presented insights through an interactive dashboard.

PUBLICATION

Home Automation System

Published in **IJARSCT**, Volume 4, Issue 3 (2024).

CERTIFICATIONS & ACHIEVEMENTS

- Microsoft Power BI Training Program (45 Days)
- CodeAlpha Python Programming Certification
- Android Development Internship Certificate
- Codec Technologies Internship Certificate
- Research Paper Publication

SOFT SKILLS

Problem Solving • Communication • Teamwork • Leadership • Adaptability

ADDITIONAL PROJECT & ANALYTICS KEYWORDS

SQL Querying • Data Transformation • Dashboard Development • Business Insights • Data Visualization • Predictive Analytics • Machine Learning • Python Programming
